

Gravel Policy

A review of the gravel map will be done in the spring at a Council Meeting with the Foreman present to decide which roads shall be graveled for that year.

Divisions 1, 3, 4, and 6 receive 2,500 yards of gravel/year, and Divisions 2 and 5 receive 2,000 yards of gravel/year. Any additional gravel requested in a division must be approved by Council.

Adopted 2023
