

SUPERVISION OF ROAD PROJECTS POLICY

That all road projects have two councillors assigned for all supervision. This will include, but not be limited to, all meetings with rate payers, including obtaining signatures and explaining all agreements, all meetings with engineer, road builder, any utility companies involved, government agencies (including environment), and all meetings with the foreman. If the two councillors do not agree on any particular issue, the issue must be brought to the attention of the Administrator so that information can be provided to help bring the councillors together in agreement.

Adopted 2019
